

The screenshot displays a development environment with three main components:

- Left Panel (Remix - Ethereum IDE):** Shows the "DEPLOY & RUN TRANSACTIONS" interface. The "ENVIRONMENT" is set to "Injected Web3" on the "Custom (5777) network". The "ACCOUNT" is "0x4e9...BC757 (503.45820...)". The "GAS LIMIT" is "3000000". The "VALUE" is "30" in "Ether". The "CONTRACT" is "AssociateProfitSplitter - AssociateProf:". The "Deploy" button is highlighted. Below, the "Transactions recorded" and "Deployed Contracts" sections are visible. The "AssociateProfitSplitter" contract is listed with its address and a "deposit" button.
- Center Panel:** Displays the Solidity code for the "AssociateProfitSplitter" contract. The code includes a constructor, a "balance" function, a "deposit" function, and an external "function()".
- Right Panel (MetaMask Notification):** Shows a notification from "ganchel" for the URL "https://remix.ethereum.org". It displays a "DEPOSIT" button, a gas fee of "30", and an estimated gas fee of "0.001072". The "Details" tab is active, showing the "Estimated gas fee" as "0.001072 ETH" and the "Total" as "30.001072 ETH". The "Confirm" button is highlighted.

Below the main interface, a "Log" panel shows the execution details of the transactions, including the creation of the contract, the deposit transaction, and the subsequent calls to the contract functions.

The image is a screenshot of the Ganache desktop application. At the top, there's a dark header bar with navigation icons for ACCOUNTS, BLOCKS, TRANSACTIONS, CONTRACTS, EVENTS, and LOGS. A search bar on the right says "SEARCH FOR BLOCK NUMBERS OR TX HASHES". Below the header, a status bar displays various network metrics: CURRENT BLOCK 27, GAS PRICE 20000000000, GAS LIMIT 6721975, HARDFORK MUIRGLACIER, NETWORK ID 5777, RPC SERVER HTTP://127.0.0.1:8545, MINING STATUS AUTOMINING, and WORKSPACE JT-FINTECH with a SWITCH button. The main area shows a table of accounts with columns for ADDRESS, BALANCE, TX COUNT, and INDEX. Five accounts are listed, each with a unique Ethereum address and a balance in ETH. A "Mnemonic" window is open at the top left, and an "HD Path" is shown on the right. The Windows taskbar at the bottom shows various open applications like Chrome, VS Code, and Spotify, along with the system clock indicating 6:26 PM on 12/19/2021.
